The American Council of Christian Churches is a fundamental, multi-denominational organization through which Bible believers *provide* information, encouragement, and assistance to Bible-believing churches, fellowships and individuals; *preserve* our Christian heritage through exposure of, opposition to, and separation from doctrinal impurity and compromise in current religious trends and movements; *protect* churches from religious and political restrictions, subtle or obvious, that would hinder their ministries for God; and promote obedience to the inerrant Word of God.
